TRACKED SUBSTANCES

SOME SUBSTANCES ARE SO HAZARDOUS THAT

- A record of what happens to them **MUST** be kept, from the date of their manufacture or importation into New Zealand, through to their end use or disposal
- At all times, they are either under the control of a person with the appropriate training (Certified Handler); or are appropriately secured
- The location of the substance is known throughout its lifespan in New Zealand, including disposal, and a record of this is kept
- These substances can only be supplied after completion of this form and copy of valid certification has been received showing that a competent person at the workplace will accept responsibility for the substance

QUALIFICATIONS FOR COMPETENT PERSON

- Certified Handler Certificate - formal qualification (Tracked/Restricted Substances)
- Valid Approved Handler Certificate (Tracked/Restricted Substances)

HAZARDOUS SUBSTANCES RESTRICTED TO WORKPLACE

SUBSTANCES RESTRICTED TO WORKPLACES

- Some substances are restricted to use **ONLY** in a workplace
- WorkSafe and the EPA regulations prescribe what information is recorded. This form helps suppliers, retailers and businesses/workplaces meet these regulatory requirements
- The paperwork needs to be completed **BEFORE** the product can be transferred
- These substances can only be supplied after completion of this form and copy of valid certification has been received showing that a competent person at the workplace will accept responsibility for the substance

QUALIFICATIONS FOR COMPETENT PERSON

- Chemical Handling Certificate (Restricted products only) – *i.e. the person has received information, instruction, and training in accordance Health and Safety at Work Regulation 4.5 or basic Chemical Handling Training e.g. Growsafe, Chemical Handling & Storage*
